Cera named to controlling board

From staff reports

COLUMBUS— State Rep. Jack Cera, D-Bellaire, has been appointed to the state controlling board, a legislative panel tasked with oversight of state spending, including capital construction projects, loans and grants.

"I am honored to be selected to serve on the controlling board, which plays a key accountability role in ensuring

taxpayer money is spent in a prudent manner," said Cera, who is the longest serving member of the House Democratic Caucus.

"I look forward to working across the aisle to ensure our infrastructure and vital public services are well-maintained throughout the state, including in Eastern Ohio," he added.

The board consists of seven members, including director of the office of budget manage-

ment, finance chairs of both the Ohio House and Senate caucuses and one House member from each caucus and one Senate member from each caucus, appointed by their respective leadership teams.

Controlling board meetings are held every two weeks to vote on financial requests submitted by state agencies.

The first controlling board meeting of the 132nd General Assembly will be held today.

Brewery issues 36-state recall of beer

SAN FRANCISCO (AP) — Sierra Nevada Brewing Co. announced a recall Sunday of certain 12-ounce bottles of its pale ales, IPA's and other beers after detecting a packaging flaw that could cause a piece of glass to break off into the bottle.

In a statement Sunday, it said the recall applies to eight different types of its craft beers, including its popular Sierra Nevada Pale Ale, purchased in 36 states across the Midwest, the South and East Coast of the United States.

The California-based company issued the voluntary recall

after quality inspections at its Mills River, North Carolina, brewery detected a limited number of bottles made with a flaw "that may cause a small piece of glass to break off and possibly fall into the bottle, creating a risk of injury," the statement said.

The affected beer has a package date that falls between Dec. 5, 2016, and Jan. 13, 2017 and a brewery code of "M" — which stands of Mills River — printed directly on bottles and the packaging of cardboard cases.

"We have decided to take this precaution to ensure the

safety of our customers," Mike Bennett, chief supply chain officer, was quoted as saying. He said Sierra Nevada had not received any consumer reports of injuries, and it believed the concern could impact about 1 in every 10,000 — or .01 percent — of its bottles packaged during the five-week time period.

Aside from its Pale Ale, the Sierra Nevada recall includes 12-ounce bottles of its Beer Camp Golden IPA, Sidecar Orange Pale Ale, Torpedo Extra IPA, Tropical Torpedo, Noon, Hop Hunter and Otra Vez.
